

GeoSoftware at IMAGE 2024

Booth Presentation Schedule

Houston, Texas
August 26-29
Booth #1917

TUESDAY | AUGUST 27

GeoSoftware Booth Presentations

- 9:30 AM** Enhancing Well Accuracy with Geological Understanding: Advanced Fracture Imaging for Well Planning in Unconventional Reservoirs using InsightEarth
Presenter: *Jokin Zubizarreta*
- 10:15 AM** Optimizing Subsurface Analysis: Accelerated EEI/EPI Inversion through Advanced Poroelasticity and Rock Physics Models
Presenter: *Naimeh Riazi*
- 11:00 AM** Pushing the Boundaries – Closing the loop using novel integrated seismic reservoir modeling with azimuthally varying anisotropic variograms
Presenter: *Maartje van Rooij*
- 12:00 PM**  **LUNCH & LEARN**
'Pedal to the Metal' - Accelerating Pre-Stack Subsurface Reservoir Characterization Workflow with Machine Learning Solution
Presenter: *Tayna Colwell*
- 1:30 PM** Direct Modeling of Reservoir Properties with Feynman Path Integration
Presenter: *John Pendrel*
- 2:30 PM** Tuned in to Success: Improving Hydrocarbon Detection via Application of Frequency Dependent AVO
Presenter: *Ruth Kurian*
- 3:30 PM** Methods to Extend Field Life Using High Fidelity 4D Conditioning, Seismic Inversion and Reservoir Characterization
Presenter: *Mohammed Ibrahim*

COOL DOWN WITH MARGARITAS &
LISTEN TO OUR 4:00 PM FEATURED TALK!

- 4:00 PM** **HAPPY HOUR**
Charting the Course Ahead – Delivering Value through Innovation and Collaboration
Presenters: *Kester Waters, GeoSoftware CEO & Suri Bhat, Petrosys | Interica CEO*

WEDNESDAY | AUGUST 28

GeoSoftware Booth Presentations

RECOVER WITH BLOODY MARYS
& TACOS ON OUR BOOTH @ 9:30!

9:30 AM It's Not My Fault! – Improving Reservoir Characterization Results in Proximity of Faulted Geology

Presenter: Ruth Kurian

10:15 AM Exploring HampsonRussell 2024: What's New & Live Demos

Presenter: Tanya Colwell

11:00 AM Reimagining Image Logs with Geoactive

Presenter: Tegwyn Perkins

12:00 PM

LUNCH & LEARN

A Throw of the Dice? – Improving Reservoir Model Integrity through Advanced Facies and Rock Physics Constrained Geostatistical Inversion

Presenter: Mohammed Ibrahim

2:00 PM

Exploring Jason 2024: What's New & Live Demos

Presenter: Maartje van Rooij

TECHNICAL SESSION PRESENTATION @ 2:35 in Room 362C

Direct modeling of reservoir properties with Feynman path integration presented by John Pendrel

GRAB A BAVARIAN PRETZEL
SNACK FROM OUR BOOTH @ 3:00!

3:00 PM

Estimating Reservoir Uncertainty Using HampsonRussell Geostatistical Inversion

Presenter: Ted Holden

4:00 PM

PANEL DISCUSSION

The Role of AI in Reservoir Geophysics – Hype or not a Distant Reality?

THURSDAY | AUGUST 29

GeoSoftware Booth Presentations

- 10:00 AM** Optimizing Subsurface Analysis: Accelerated EEI/EPI Inversion through Advanced Poroelasticity and Rock Physics Models
Presenter: *Naimeh Riazi*
- 11:00 AM** Enhancing Well Accuracy with Geological Understanding: Advanced Fracture Imaging for Well Planning in Unconventional Reservoirs using InsightEarth
Presenter: *Jokin Zubizarreta*
- 12:00 PM** Estimating Reservoir Uncertainty Using HampsonRussell Geostatistical Inversion
Presenter: *Ted Holden*

Don't miss these fun activities on the GeoSoftware booth #1917!

Margaritas

Tuesday @ 4:00 PM

Bloody Marys & Tacos

Wednesday @ 9:30 AM

Bavarian Pretzels

Wednesday @ 3:00 PM

Interested in booking a meeting with GeoSoftware during IMAGE?
